In short, one must bring to the knowledge of current affairs an educated mind, an informed judgment, and an essentially critical understanding, if they are to serve any purpose. Along with that, a regular practice gives you an added advantage during the examinations. We are all cognizant of the fact that current affairs play a significant role in the General Awareness Section of Banking/Insurance/SSC/Railways examinations. So much is happening every day that unless you keep yourself abreast of these changes you cannot adjust yourself to them or tackle the GA section of any exam smoothly and easily. The three main bank exams:- IBPS, RBI, and SBI are administered nationally each year and thousands of candidates sign up for them, raising the stakes in the race to the top. A significant portion of these bank exams is the GA Section, which contains the majority of the current events questions. This section is quite challenging because there is no set syllabus for it. This segment requires careful planning and continuous preparation on the part of the candidates. To get ready for the current affairs section, you can use the advice below: Candidates must first look at the previous year’s questions to understand what is asked in the exams. The previous year’s questions will guide what to read in newspapers. GA section requires consistency; one must read newspapers daily. Make crisp notes of important news. Revise the notes on regular intervals. Another method is to follow news channels or current affairs YouTube channels to remain updated with current affairs. If you do not have time to read daily current affairs, you can follow monthly magazines provided by various institutes. Such magazines are available online as well as in PDF form.
